

Household products that protect you and your environment

Herbon Laundry Washing Powder

Herbon Laundry Washing Powder is specially formulated to contain natural mineral biodegradable ingredients. Our powder dissolves in both hot and cold water, is environmentally clean and contains no petrochemical ingredients. 1kg, 2kg, 5kg and 20kg.

Herbon Dishwashing Liquid

Herbon Oil of Ylang-Ylang Dishwashing Liquid contains natural biodegradable ingredients and is excellent for dry skin so it protects and cares for your hands as well as leaving dishes sparkling clean and easy to dry. It is also concentrated and economical to use. 1L, 5L, and 20L net

Herbon Multi-Purpose Cleaner

Herbon Multi-Purpose Cleaner has been specially formulated to contain only natural, biodegradable ingredients. It will not give off any noxious fumes or leave harmful or hazardous residue on the surface of which it is sprayed. Will not damage the ozone layer or effect the household or the environment harmful vapours, fumes or chlorofluorocarbons. Completely safe, non corrosive or caustic and of course allergy free*. Also comes in a triggerless refill pack for greater economy. 750mL net and refill.

Herbon Laundry Liquid

Herbon Laundry Liquid contains natural biodegradable ingredients as well as double distilled oil of eucalyptus, the well known Australian essential oil used to absorb odours, so the wash comes out smelling fresh and clean. 2L, 5L, and 20L net.

Herbon Pre-Wash Stain Remover

Our Stain Remover is a mineral based product and a safe, effective spotter ideal for use in the laundry with our Herbon Laundry Washing Powder or on its own as a soaker. Contains an environmentally safe natural bleach. 1kg, 5kg and 20kg net.

Herbon Dishwashing Machine Powder

Now you can get better results from your dishwasher without chlorine bleaches. Entirely safe and biodegradable, no harmful residues left. Leaves dishes sparkling clean and the ozone layer does not suffer either. 1kg, 5kg and 20kg net.

Herbon Pure Ground Soap

An innovative Soap Making Kit provides you with the ingredients to make your own soap, free of damaging artificial additives. All contents are totally vegetarian, including soap powder made from palm and coconut oils. 1kg, 10kg and 25kg net

Herbon Dog Shampoo

Dogs, just like humans can easily suffer allergic reactions to certain products, especially with skin complaints such as Dermatitis. Even if you regularly wash your dog, the shampoo you use could actually help cause the problem. Herbon Dog Shampoo is not only developed and produced here in Australia, it is also the only product of its type on the market. It works very effectively to give your dog a healthy shiny coat without any nasty side-effects. 1L, 5L and 20L

Beauty care with unique botanical formulations

Herbon allergy free* natural products from beauty care to household cleansers, without harming the environment, without cruel animal testing... and with healthier, better results.

Beauty care with unique botanical formulations

Herbon products are developed in conjunction with medical specialists and are deemed to have negligible risk of allergic reaction. Even the most hypersensitive people have been able to use our products without reaction because they contain no petrochemical or artificial ingredients.

Our products protect the environment and your family

Herbon products are made from safe, time tested, renewable botanical ingredients, and are 100% biodegradable and environmentally clean. They protect the environment and promote a healthier population, free from the effects of allergy related problems associated with the overuse of synthetic based products.

No animal testing or animal ingredients

Herbon products contain no animal ingredients and are not animal tested, and are therefore approved by Beauty without Cruelty, the Australian Federation of Animal Societies, Animal Liberation, the West Australian Group Against Vivisection, the Anti-Vivisection Union (SA), and the RSPCA (Vic).

Healthier products that work better too!

Herbon products are safe and effective. The use of natural ingredients does not mean a less efficient product. Our household cleaning products work as effectively as the petrochemical based alternative. Our beauty care and toiletries range beautify and protect your body - safely. Herbon not only takes better care of you and your home, but protects and preserves your health and environment at the same time.

Herbon Nettle Kopriva Shampoo

Is a new and revolutionary product. It is medicated extra mild and suitable for all types of hair containing its own condition qualities. The medical and cleansing qualities of Nettle Kopriva contains natural ingredients presented together with essential oils as perfume giving balance to this unique product. Herbon Botanical Soap

Herbon Botanical soap is made from pure and time honoured botanical oils. This rich lathering soap gently cleans and cares for your skin. Ideal for those concerned with skin sensitivities. 100gm net when packed

The reason why Herbon products are allergy free*

Herbon products do not contain: Terpenes, Phenols, Chlorine, Organic Mercurials, Balsams, Aluminium Complexes, Chlorofluorocarbons.

- Herbon does not use certain "natural" ingredients such as Lanoline or Beeswax, which often cause skin problems.
- Herbon omits harsh chemicals such as Formaldehyde, used as a preservative, or sensitizers such as volatile solvents used in household cleaners.
- Herbon's 100% commitment to purity and performance is what has made Herbon the leader in allergy free*, natural and environmentally safe products.

**Herbon products are tested for irritancy and chemical sensitivity by Medical Allergy Specialists and are deemed to have negligible risk of allergic reaction.*

Herbon Baby Soap

Herbon Baby Soap is made from pure botanical oils and contains a slight, gentle fragrance of pure herbal extracts complementing the botanical oils that form the heart of the soap. Ideal for the tender care needed for baby. 75gm net when packed.
